

S4/5/6 Immersion Day Programme 2024

Please see the Immersion Day programme below. Pupils should report to the Faculty Heads who will advise which teacher is taking the session. Most of the sessions run close to the actual exam so that the information etc is fresh in your mind. Some of the sessions may clash with days that you are actually sitting an exam; if that is the case, and you have an urgent query about your studies, try to find a different time to consult with your teacher that is suitable. If you are on study leave and are coming into school for an immersion session then please ensure you sign in and out at Pupil Support. Good Luck!
